

A photograph of a middle-aged couple standing outdoors in winter attire. The woman on the left has long blonde hair and is wearing a dark jacket with a patterned scarf. The man on the right is wearing a dark jacket with red accents. They are both smiling. The background shows green foliage and a house.

THANK YOU

Your support saves lives.

“Your gift means the world to patients like me. I have my life back.”

– Sherry, St. Paul's heart patient

THANK YOU

You support evidence-based treatment.

By supporting St. Paul's throughout the opioid crisis, you have not only saved lives, you have helped redefine substance use policy and care in BC.

MESSAGE FROM LEADERSHIP

As one of St. Paul's Foundation's most generous friends, thank you for your support. It's hard to imagine how many patients you touch, so let us help you with a few important examples that are featured throughout these pages.

Two million Canadians have kidney disease or are at risk. It can be a debilitating, life-altering disease. With your support, St. Paul's Foundation was, in turn, able to support Can-SOLVE CKD, an unprecedented, Canada-wide research program into chronic kidney disease led by our own Dr. Adeera Levin.

Your support also enabled the opening of the BC Centre on Substance Use, which will transform addiction treatment in BC by translating research into education and evidence-based care guidance. Thousands of patients and families will benefit from this breakthrough work you help to make possible.

And you support Dr. Don Sin's ground-breaking work in COPD (chronic obstructive pulmonary disease) which is Canada's fourth leading cause of death. Dr. Sin's work is already improving outlooks via early diagnosis, and he has a goal of soon being able to diagnose this deadly disease with a simple blood test.

Your generosity helps so many each year at St. Paul's and beyond. Thank you from our staff, board and volunteers for the inspiration you provide, for making St. Paul's a world-class health centre, and for another great year!

THANK YOU

You support patient-first research programs.

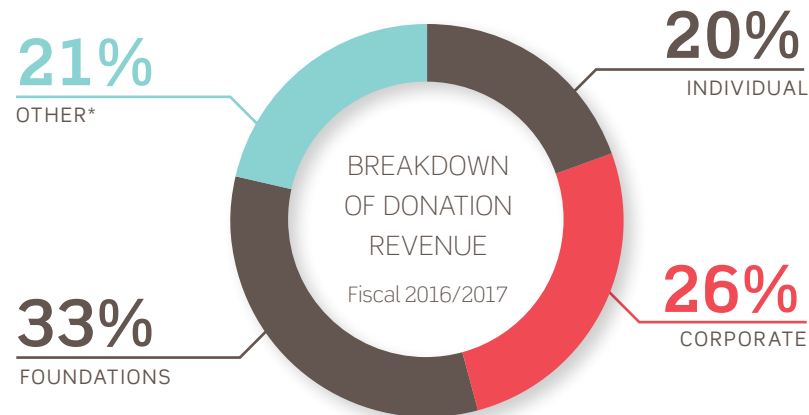

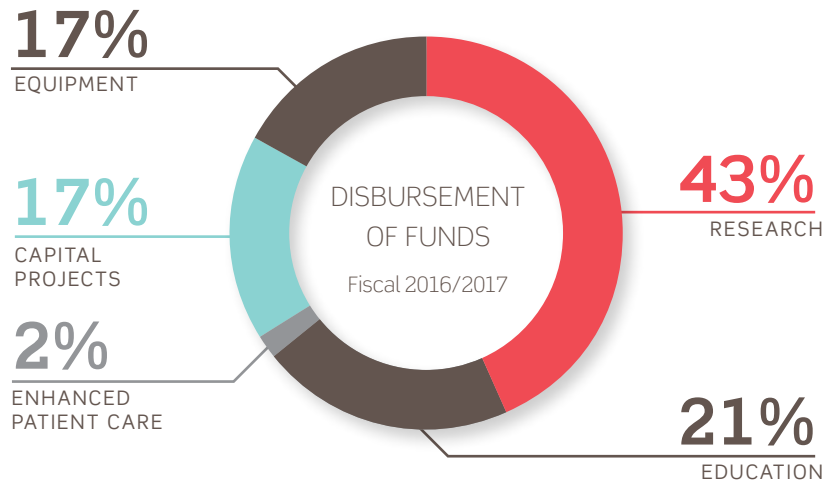

Dr. Adeera Levin, Head of the UBC
Division of Nephrology based at
St. Paul's, is pictured in the rooftop
garden, close to the Kidney Care
Clinic at St. Paul's. Dr. Levin and her
BC administrative team are working
to transform kidney disease
care across Canada as part of
the national research program,
Can-SOLVE CKD.

"My hope is that, over the next 10
years, we will not need to build
new dialysis clinics because we will
have figured out a way to delay
progression," says Dr. Levin.

FINANCIAL SUMMARY

Thank you for your support. In 2016/2017, St. Paul's Foundation raised \$28,987,064 to support research, equipment, education and patient care.

* Service Clubs, Associations, Institutions

THANK YOU

You support breakthrough research.

Dr. Don Sin, Head of Respiratory Medicine at St. Paul's and a world authority on chronic obstructive pulmonary disease (COPD), blows bubbles, something that three million Canadians affected with COPD cannot do without great effort.

"We're at the cusp of making a tremendous impact on patient care and changing the narrative of COPD from a deadly lung disease to a treatable and perhaps even curable disease," says Dr. Sin.

THANK YOU

You support youth health services across BC.

Foundry youth centres are transforming how young people, like the North Shore youth pictured here, access care throughout BC.

In creating a province-wide network of youth centres (six located throughout BC), Foundry will dramatically improve access to care and support services for youth aged 12 to 24.

ST. PAUL'S FOUNDATION EXISTS
TO HELP YOU GIVE YOUR GIFT
STRATEGICALLY AND IN AN
ENVIRONMENT OF **SUPPORT,**
GUIDANCE AND TRUST.

OUR VISION

Through ethical and relationship-based fundraising, we enable St. Paul's to be at the forefront of exceptional care and innovation.

OUR MISSION

Inspired by the work of St. Paul's, we build meaningful relationships so our community can support exceptional patient care and world leading innovation.

OUR VALUES

Integrity: We are driven by social justice and will act with transparency in everything we do.

Respect: We value our donors and respect their privacy and wishes for how they want to support St. Paul's.

Accountability: We hold our team to the highest level of accountability in how they represent St. Paul's.

Trust: We value the trust our community has in us and strive to maintain that trust every day.

Loyalty: We will constantly work to strengthen our connections to our donors and with St. Paul's.

Spirituality: We believe in the importance of treating mind, body and spirit.
